16<sup>TH</sup> ANNUAL PRODUCTION SALE

**MARCH 4<sup>TH</sup> 2024**

BEAR PAW LIVESTOCK, CHINOOK, MONTANA

*With Special Guests*

**WEAVER HEREFORDS**

W

# Welcome

What a difference a year makes, last year we had already had two months of brutal weather and as I write this today, we are just experiencing our first cold spell the 10th of January. It has certainly been a welcome change and a lot easier on the haystacks. Once again, we are gearing up for our annual production sale and would like to extend our invitation to view the cattle, have some lunch, and visit with us and surrounding neighbors!

It's no secret the last couple years of drought and harsh winter conditions put a lot of pressure on cattle especially the younger and older cows. With that said we feel we've built a cow herd that can adapt to any environment and still survive with whatever mother nature throws their way. We cull all cows that are unable to breed back on time and they must raise a respectable calf. We are a low input ranch with no silage piles, irrigated pastures, or extra hay. We expect the cows to maintain and work for us on limited inputs. By doing this we hope it will pass on these same traits into our customers herds!

This will be the top 50% of our bull calves from the spring of 2023. With the harsh spring, flies, and heat our weaning weights are down a bit this year but the quality is still very good from top to bottom. As always, we will have a good selection of power bulls with added length, bone, rib, and muscle as well as calving ease bulls for those first calf heifers. These bulls have been culled on hard and should perform well while improving genetics for the future of your cow herds.

Fred and Katie Olsen will once again be offering up 40 very nice F1 baldy replacement heifers. 16 of these will be out of Weaver Hereford cows and Clear Creek bulls while the remainder will be out of Fred and Katie's angus cows and Weaver Hereford bulls. These have been a sale hi-lite for several years now.

Again, we would like to say thank you, to all who have supported us in past years and invite friends old and new to join us on March 4th.

*- Teddy, Sara, Krutz, Jaxton, and Kane*

# Clear Creek Angus

## 16<sup>TH</sup> ANNUAL PRODUCTION SALE

1 PM • MARCH 4<sup>TH</sup> • BEAR PAW LIVESTOCK • CHINOOK, MT

*With Special Guests*

WEAVER HEREFORDS

### OFFERING

- 60 Angus Yearling Bulls
- 15 Hereford Yearling Bulls
- 40 F1 Baldy Replacements

### CONTACTS

- **Teddy Crowley**  
Cell: **406-399-0403**

*On Special Assingment*

## INSURANCE

As always we will offer our first breeding season guarantee but in addition this year we are offering insurance on the bulls. If you choose the option of insurance Clear Creek Angus will pay 50% of the premium for you. We feel this is another great way for us to stand behind these bulls. Please study the options and decide which is best for your operation.

## FIRST BREEDING SEASON GUARANTEE

- Breeding season is defined as 90 days after bulls are turned out with cows.
- All bulls are covered 50% minus salvage value.

## RETAINED INTEREST

We will be retaining a 1/3 revenue sharing interest on every lot selling. Full ownership goes to the buyer. If we choose to have semen collected, it'll be at our cost and your convenience.

## ONLINE SALE HOSTING

The sale will be hosted on DVAuction.

## HEALTH

- All bulls will be fertility tested and have 2 rounds of foot rot vaccine.
- Bulls have had 2 rounds of vaccines with Pyramid 5 Presponce SQ, and Vison 7 with Spur
- Bulls have been poured with Ivermectin and Clean Up.
- Bulls are free of all defects unless otherwise stated in the book.
- Bulls have all been tested BVD-PI negative.

## DELIVERY

Free Delivery within MT. If at all possible, we'd like to deliver bulls by April 1st when our commercial cows start calving. If you can't take delivery by then we will work with you. **\$100 rebate on all bulls taken home within 48 hours of the sale.** Buyers are responsible for transportation on all heifer purchases. We will assist in setting up transportation if buyer so chooses.

## VOLUME DISCOUNT

Buyers purchasing 5 bulls will receive 5% off their purchases. Buy more than 5 bulls and get 5% off the first 5 and an additional \$100 off each additional bull.

## EPD'S & INFO

- All EPDs will be current as of catalog deadline. Check AAA for any newly updated EPDS from then on.

## TERMS AND CONDITIONS

Payments must be made to the clerk at the conclusion of sale.

## GENETIC TESTING

All Sale Bulls have been genomically enhanced by Zoetis 50K genetic testing.

**DVAuction**  
*Broadcasting Real-Time Auctions*

Big time power bull with as much thickness and depth of rib to him as any Quarterback son you'll find. In a tough year this guy weaned off at 774 and posted a ratio of 113. He ranks top, 1% WW, and 1% YW. His dam is a moderate framed Hickok daughter with excellent feet and a perfect udder. She really has the true Angus brood cow look. Cow Bull.

Quarterback is a bull we've used for a few years now. We decided to use him as a bull to ad some length, bone, and power back into our cowherd, and he has done just that. This will be one of his strongest sire groups to date for us. His females have nice udders and are making nice young cows. Selling B Sons!

3/4 brother to Lot 1 and every bit as impressive. Extra length of body with a big hind quarter on this gentle Quarterback son. Posted our 2nd heaviest actual WW of 782 pounds. The 825 cow is without a doubt one of my favorites, she comes with added depth of rib, and a great udder. The Hickok daughters will help improve disposition as well. Cow bull.

Another 3/4 brother, the Hickok Quarterback combination worked excellent for us. 361 much like his counterparts is a big, thick, long bull that will add pounds. His dam is a little bigger framed Hickok daughter with great feet. Keep these 3/4 brothers together and add pounds in the fall while not giving up any maternal power. Cow bull.

As good of a bull as we will have in the offering. Long powerful bull with the big old crest in the neck. He has the look of a very good one. His dam is a big bodied cow with an excellent udder at the age of 9. She catches AI every year. This bull does like his space. If you're looking for one to keep around the corral and scratch on, he's probably not for you. Cow bull.

Super excited about this calving ease Commodore son. He combines the two ABS stars Sitz Stellar and Kesslers Commodore 6516. While starting small this guy exploded on his first calf heifer dam by Stellar. He has a big EPD spread of 0 at birth to 131 at a year. 300 weaned at 726 for a ratio of 111 and continues to be one of our top gainers at 4.48 Lbs./day as of December 28th. Dam is moderate framed with excellent depth of rib. Her feet and udder are about as good as you can make. We believe this bull has herd sire potential. Heifer bull.

Reckoning is a Mohnen Prince son and was one of the top sellers of the 2022 Mohnen Production sale. He is backed by an excellent cow family and should leave a really nice set of females. His calves have lots of vigor at birth and have grown out quite well. Expect lots more in the future! Selling 12 Sons

17

+1	+2.7	+79	+142	+29	+13	+49	+50	+72	+101	+76

This will be our first Mohnen Reckoning son to sell. Reckoning is a bull we selected for his length, and power. On top of that his dam is as good as you can make one. Deep bodied excellent uddered cow. If you're looking to add pounds without sacrificing maternal power, I recommend looking at this sire group. Cow bull.

18

Really stylish made Reckoning son that always catches the eye. 388 comes with moderate birthweight and a good weaning weight of 650. We ran this cow in our commercial herd her first few years. After bringing in an excellent calf every year we decided to put her back in the registered program. She possesses an excellent udder and feet. Use on large heifers or young cows.

Our lead off Victory calf and he's a good one. We really like the Victory calves as they are very long and clean made. They calve easy and get up and get going. Dam raised our high selling bull in last year's sale going to Shipwheel Cattle Company. We unfortunately lost the 033 cow half way through the summer so this calf performed quite well for not having a mother for 2 months. The 033 cow was one of our best young cows. Should work good on young cows.

Fletcher Anderson with his 2023 4H steer purchased from Clear Creek Angus. Fletcher received 3rd overall market and 5th overall in carcass!!

Kruz with his reserve champion steer and reserve champion showmanship award. His steer also finished 4th overall in carcass

# Weaver Herefords

Dolly and I would like to welcome everyone to the 16th Annual Clear Creek Angus Bull Sale. Once again we would like to thank Teddy and Sara for allowing us to market our bulls through their sale. We certainly appreciate your past support and would like to thank every bidder and buyer.

Our cattle come from the real world and get no special care. The bulls are never creep fed or have never seen irrigated pastures. We never stop trying to improve our cattle. Our goal is to produce problem free, easy calving and fast, explosive growth cattle. The cattle market is in good shape and the future looks promising. Bulls have been back poured with Cydectin, vaccinated with Cattlemaster Gold PF5, and a Blackleg booster. They have also been vaccinated twice with the Footrot vaccine.

Check out our website, [www.weaverherefords.com](http://www.weaverherefords.com) for videos of the bulls or you can view them anytime at the ranch. You can also view them the afternoon of March 3rd at Bear Paw Livestock. We wish everyone a healthy and prosperous year ahead. Looking forward to visiting with you down the trail.

*- Don Et Dolly*

A Perfecto son with a good hip. Dam is a 2 yr old heifer that did a solid job.

We would like to Acknowledge and Congratulate Gracie Skoyon on her Market Steer at the 2023 Blaine County Fair. Her steer placed 4th overall in the Live Show and 3rd place in the Carcass. Gracie's steer was sired by a Weaver Herefords bull.

# Commercial Heifers

## **LOT H1- 16 HEAD OF F1 BALDY REPLACEMENTS**

These heifers all originated off of the Weaver Hereford Ranch. Everyone of these is out of a Hereford cow and Clear Creek Angus bull, sons of Mohnen Homemade and Bear Paw. These heifers are born in late March and April, they will be in excellent condition for breeding. Past reports on the Weaver heifers have been excellent. Whether looking for replacements or to make a set of bred females to sell these should do the trick. No Brands!

## **LOT H2- 22 HEAD OF F1 BALDY HEIFERS**

These heifers all originate off of Fred and Katie Olsen's ranch south of Chinook. They'll be out of their black cows and Weaver Hereford genetics on the bull side. This set of heifers had a 100% conception rate last year and topped the Bear Paw Livestock bred female sale in December. Heifers are born in late April and May. This will make an excellent set of mother cows! No Brands!

*Clear Creek Angus*
